

Daily Review Examples Applying Math

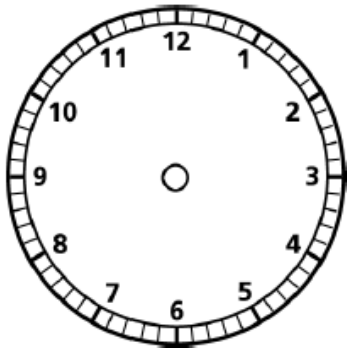

MONDAY

If it is 3:27 in the afternoon now, what time will it be in 35 minutes? Draw the time on the clock below. Write the time under the clock.

 am? pm?

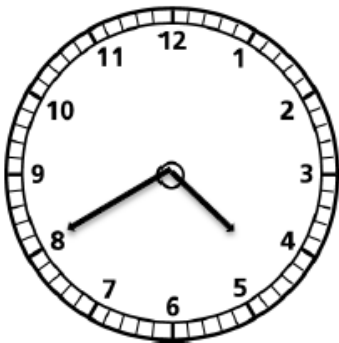

If it is 8:48 in the morning now, what time was it 15 minutes ago? Draw the time on the clock below. Write the time under the clock.

 am? pm?

TUESDAY

Lisa is making cookies. She puts the cookies in the oven at the time shown on the clock below.

She checks on them after 12 minutes but they are still not done. So she lets them cook for a little longer. After 5 extra minutes, she checks them and they are perfect so she takes them out. What time does she take them out? Draw the time on the clock. Write the time under the clock.

Woodruff Elementary

Dream Team

WEDNESDAY

A bottle holds 2 liters of liquid. How many liters would 3 bottles hold?

If you poured both bottles of this liquid into a normal sized bath tub, would this be enough for someone to take a bath or would it be too much water to fit in a bathtub? Explain your answer.

THURSDAY

The bookshelf can hold up to 75 kilograms. With more than 75 kilograms, the shelf breaks. If there is already 20 kilograms of books, how much more weight can be put on the bookshelf?

Would it be possible to put a small bowl of fruit on the shelf if there is nothing else on the shelf?

Would it be possible to put a motorcycle on the shelf if there is nothing else on the shelf?
