

Tuesday, September 4

Dear Parent(s) or Guardian(s),

Please be reminded that in order to prepare our students for the end of year test, SC Ready and get them accustomed to an online testing environment, we will have them complete some of their math and science assignments in Schoology, our district's online learning management system.

You will not receive a paper copy of their tests in their Monday Mail, however, you can view your student's grade and also view their answers by logging in to Schoology from home. The website to do so is:

www.Schoology.Spartanburg4.org

Your child has their login information on a label inside the front cover of their agenda. Once you have logged into Schoology, you will click "Grades/Attendance" on the left hand toolbar. Then click on Mathematics: 3(A) or Science: 3(A) to view the scores. If you want to view their submission so that you can see the problems they missed, just click on the assignment name that is listed in blue. The only assignment we have completed at this point is "Math 4 Today #1 Assessment". Please contact me if you have any questions or problems.

Thanks,
Mrs. Burnette
