Watershed

Our school is privileged to partner with USC Upstate Watershed Ecology Center to bring in hands on science lessons that complement our standards and curriculum. They will visit our school 9 times throughout the school year and our first session will be at the end of September. The total cost for the Watershed Ecology program for the school year is \$7 per child. We ask that you send this money to school in an envelope labeled with your child's name and "Watershed" by Wednesday, September 20th to ensure that your child is able to attend our first session. We look forward to some awesome learning experiences with the Watershed Ecology Center. Please let us know if you have any questions or concerns.

Transportation

Please be reminded that **any** transportation changes should be communicated in writing. Also remind your students to turn in their transportation notes first thing in the morning so that we can send them to the office for approval!

Don't forget to download and connect to PowerSchool and Class Dojo. If you need information to access your student's information or a code to connect, please be sure to contact your child's homeroom teacher.

Don't forget to label binder tabs:
Monday Math, Science, Social Studies, Reading, & Writing.
