## Content Connections

Math & Science: In math, students will complete review for all strands and standards for 3<sup>rd</sup> grade math. In science, students will continue to analyze characteristics of environments and describe how the environment supports different living things.

ELA & Social Studies: In ELA will review past standards, practice text dependent analysis, and begin book clubs using Magic Tree House Revolutionary on Wednesday as a model. In social studies, students will learn about the battles and important people in the war.

In Read 180, students will participate in independent reading, software, and small group. In small group, we will target specific reading/writing skills based on the needs of the group.
