Dream Team

Content Connections

Math & Science: In math, students will collect, organize, classify, and interpret data and draw an scaled picture graph and bar graph to represent the data. In science, students will identify and describe water sources on Earth.

ELA & Social Studies: The students will identify context clues, write a text dependent analysis, identify plurals that end in y and f, and identify simple/complex sentences. In SS, students will be able to identify the causes of the American Revolution.

In Read 180, students will participate in independent reading, software, and small group. In small group, we will target specific reading/writing skills based on the needs of the group.
