

January 20, 2015

Dear Parents,

Science Fair time is just around the corner! The students are busy learning the Scientific Method and how to complete a successful science fair project. WES Science Fair will take place a little differently this year. Science Fair projects must be brought to Woodruff Elementary Tuesday, February 10, 2015. We will then display projects in their categories within WES. They will be judged Tuesday afternoon. In lieu of Math and Science night you will have the opportunity to view projects Wednesday, February 11, 2015 from 8am to 1:30pm within the school building.

If your child is planning to enter the Science Fair, then he or she will need some type of display board. They can be made of different materials such as wood, thick poster board, etc. or they may be purchased in stores. For your convenience, we will be placing an order for display boards. The one ply boards will be 36" x 48". The cost is \$3.00 each. Headers are optional. They are \$2.00 each.

If you would like to order a display board and/or a header for your child, fill out the form below and send it along with the money to your child's science teacher no later than Tuesday, January 27, 2015 please try to send the correct amount of cash or check.

Thank you,

Math/ Science Committee

Cut here.-----

I would like to order ____ display boards at \$3.00 each.

I would like to order ____ header(s) at \$2.00 each.

Child's Name _____

Homeroom Teacher _____

The deadline for placing an order is Tuesday, Jan. 27
