Content Connections

Math & Science: In math, students will partition shapes, identify types of angles, and recognize 3D shapes.

In science, students will identify natural resources and give examples of methods for conserving.

ELA & Social Studies: Students will identify text structures, write an opinion piece of writing, identify plurals that end in y, identify the fact opinion, and identify simple/complex sentences. In SS, students will be able to identify the interactions of colonists between the Native Americans and Africans.

In Read 180, students will participate in independent reading, software, and small group. In small group, we will target specific reading/writing skills based on the needs of the group.
