

Do not detach.

Cut off a ruler
each night
(Monday –
Wednesday) to
measure the
leaves.

Remember, the
end of the ruler
represents 3
inches.

Name _____

Daily Review Examples Applying Math

MONDAY

Using the "3 Inch Ruler" provided, measure each leaf to the nearest $\frac{1}{4}$ of an inch.

Ex) $\frac{3}{4}$ _____

1) _____

2) _____

3) _____

4) _____

TUESDAY

Using the "3 Inch Ruler" provided, measure each leaf to the nearest $\frac{1}{4}$ of an inch.

5) _____

6) _____

7) _____

8) _____

9) _____

Woodruff Elementary

WEDNESDAY

Using the "3 Inch Ruler" provided, measure each leaf to the nearest $\frac{1}{4}$ of an inch.

10)

11)

12)

13)

14)

THURSDAY

Use the measurements from Monday, Tuesday, and Wednesday to create a line plot. Mark an X for each leaf with that measurement.
