Content Connection:

In Math & Science, students will be working on multiplication. For science, we will begin learning about rocks and minerals.

In ELA & Social Studies, we will work on author's purpose and personal narratives. In SS we will continue working on explorers.

In Read 180 Workshop, students will focus on making inferences while reading. Also, they will read independently, complete a comprehension graphic organizer, and take a quiz on their book. They will continue work in software zones.
