Content Connections

Math & Science: In Math students will be to represent division using arrays, equal groups, repeated subtraction, and skip counting. In Science, students will be able to classify rocks and minerals and explain how rocks are formed.

ELA & Social Studies: Students will be able to identify the point of view of a story, identify spelling patterns in words, and write a personal narrative. In Social Studies, students will compare the culture, governance, and physical environment of the Cherokee, Catawba, and Yemassee Native Americans.

In Read 180, students will participate in independent reading, software, and small group. In small group, we will target specific reading/writing skills based on the needs of the group.
